

# Past , Present and Future - From Every Angle, UNA-DYN Leads the Way with 50 Years of Innovation!

Auxiliary Equipment • Customized Drying and Material Handling Systems • Engineering Expertise  
Unparalleled Customer Service & Support • Made in the USA

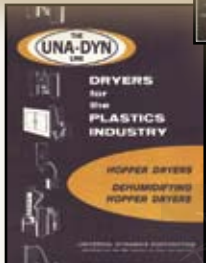

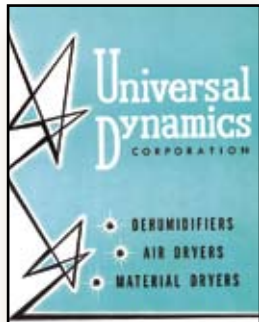

On the occasion of our 50th Anniversary, I extend my thankful appreciation to all the customers who have entrusted their plastic processing needs to UNA-DYN for the past half-century. It is your demanding applications, high quality standards and desire for technologically-advanced, rugged and energy-efficient equipment that has made our company the industry leader. We embrace the challenges of the next era, building upon our past successes, with a drive to keep delivering the best equipment and systems possible.

Thanks again for your continued support and let us show you the UNA-DYN LINE year after year!

- Bill Goldfarb,

# 50<sup>th</sup> Anniversary!
